The minimum deposit you can pay for this plan is £49 / €49.

The plan covers the essential elements of an unattended cremation provided by the Avalon Appointed Funeral Director as detailed in these Terms and Conditions and described on the Plan Certificate. You secure these products and services at the price agreed today and if these services increase in the future, your plan secures them at no extra cost to you or your representatives providing the funeral is carried out by an Avalon Appointed Funeral Director. Any services not mentioned in this plan may incur a charge at time of need if your representatives request them.

3.2 Disbursement contribution

The Direct to Cremation Plan (Spain) does not include a separate contribution for Disbursements. All the services included in the Direct to Cremation Plan (Spain) are included in the price you pay. Anything that is not included in the plan will need to be paid for at time of need.

3.3 Additional extras and contributions

You cannot add anything to this plan.

3.4 Special requests

The Direct to Cremation Plan (Spain) does not allow you to make any special requests for your funeral as it is an unattended cremation.

4. The Price of a Funeral

The Direct to Cremation Plan (Spain) is priced at €2,595. When you purchase an Avalon funeral plan, you lock in this price with us. It's important to note that we don't typically expect you to use the plan immediately. However, if you do require a funeral right away, the cost of this plan is comparable to the current average price of a funeral if you were to arrange it directly at the time of need.

At the time of sale, Avalon assigns your plan to a specific Funeral Director(s) and has negotiated a contractual price for the various costs involved in providing your funeral. These Funeral Director costs vary depending on factors like region and plan type, but for this particular type of plan, the approximate Funeral Director cost is €1,450* plus an annual adjustment to account for inflation, based on today's prices.

Unlike the fixed plan price you pay, the "at need" price for a funeral today is likely to increase each year due to inflation until the time you actually require the funeral. The contracted costs to Avalon are adjusted for inflation annually to reflect the expected future changing prices in the industry.

Plan Name	Today's price	Today's approximate Funeral Director Cost*
Direct to Cremation Plan (Spain)	€2,595	€1,450 + annual uplift for inflation

*Rounded up to the nearest €50

5. Plan Inclusions

The Direct to Cremation Plan (Spain) provides for the essential products and services provided by the Avalon Appointed Funeral Director for an unattended cremation in mainland Spain. Given the basic nature of this product and the expected timing of delivery of funerals in Spain, this plan cannot be upgraded at time of need. If the plan is enacted, it will be delivered exactly in line with the inclusions detailed below. It is extremely unlikely that your family will be able to change their minds once the plan is put into action.

Subject to the terms described here, this plan will cover:

- 1) Unattended cremation at an appointed crematorium
- 2) Cremation fee
- 3) Appointed Funeral Director attending to all the necessary arrangements for the unattended cremation
- 4) Collection and transportation of the deceased from a place of residence, a care home, hospital or resting place in mainland Spain to a mortuary within mainland Spain.
Note: in some cases, this may be several hundred kilometres away.
- 5) Preparation and care of the deceased at the allocated mortuary (including full hygienic treatment and removal of pacemaker, where required)
- 6) Supply of a simple coffin – suitable for cremation
- 7) Supply of a simple urn
- 8) Return of ashes directly to the family in Spain
- 9) 24-hour bereavement line with English speaking operators
- 10) National & International death certificate
- 11) Cremation certificate to allow ashes to be taken on board an aircraft, where appropriate

6. Plan Exclusions

We have set out below items that are frequently associated with a funeral but are not covered by the Direct to Cremation Plan (Spain). This is not an exhaustive list of products and services.

Following the death of the plan holder your Nominated Representative cannot add products or services to your funeral plan. In the unlikely event that they are able to, there will be extra charges that will have to be paid directly to the Avalon Appointed Funeral Director.

Your plan does not include:

- 1) Any services for a Funeral Director not appointed by Avalon
2. Face to face appointments with the Funeral Director
3. Viewing the deceased
4. Dressing of the deceased in personal clothes or inclusion of items within the coffin
5. Family attendance at the crematorium
6. A service at the crematorium or any costs to host the event of a service including a church service
7. Costs for any mortuary storage
8. Choice of date, time or location of the cremation
9. Any transportation of mourners
10. A wake, including the costs associated with catering for the funeral guests
11. Any obituary notices
12. Flowers, floral tributes, or any items requested in celebration of the deceased
13. Interment of ashes
14. Headstone, memorials, plaques or associated costs for erection or maintenance thereof
15. Gifts including charitable donations
16. Repatriation from outside Spain
17. Transfer to or from mainland Spain, the Canary Islands or Balearic Islands
18. Any disbursement contributions other than those listed in the inclusions
19. Audio or visual equipment
20. Travel or transport costs
21. Any other goods or services not listed in the inclusions section.

7. Dual Certification

The primary purpose of your Direct to Cremation Plan (Spain) is to provide the services listed on your funeral plan certificate from an Avalon Appointed Funeral Director in Spain.

Dual Certification allows you to nominate an address in mainland Great Britain where Avalon can appoint a local Funeral Director to deliver the services listed on the plan certificate. It should be noted that the services differ from Spain to account for local customs and prices.

This means that a plan holder who lives or spends part of their time living in two countries of mainland Great Britain and Spain can have a funeral in either location, depending on where they die.

As long as you can receive post at the second address, we can add dual certification for you. The Avalon Appointed Funeral Director will be allocated based on the address you provide us; if at the time of need we need to change the Avalon Appointed Funeral Director, there may be additional charges.

This option is available to you if you already have a home in mainland Great Britain or if you move there after the plan is purchased.

Remember to let us know about your second address, or if you emigrate, so we can update your address and appoint a new Funeral Director to conduct the funeral.

Your Direct to Cremation Plan (Spain) does not include repatriation or transportation back into mainland Great Britain or Spain after your death. In the case of a dual residency should you wish for your funeral to take place in an alternative covered destination your representative will need to make their own arrangements to repatriate your body to the chosen destination.

If you move to the UK, contact us so that we can issue you with a Certificate with your new address and appoint a Funeral Director in that country.

Under the provision of dual certification, should the Direct to Cremation Plan (Spain) be enacted in mainland Great Britain, the plan will provide benefits equivalent to the Direct to Cremation Plan (GB).

This plan can only be used in Spain or mainland Great Britain. If you move somewhere else, then this plan will not be valid. If you move to one of the countries we operate in, then you may be able to upgrade to a different plan that is valid there. If you move to a country outside of the UK, Spain, Portugal, and Cyprus, or we can't find a Funeral Director in the area you've moved to, then we will cancel your plan and refund the monies paid, less any applicable fees. Please contact us to discuss your options..

8. Changing your Funeral Plan

You can choose to change your Avalon Funeral Plan for an alternative plan from the Avalon range that you feel would be more suitable for you.

8.1 Upgrade your plan

Given the basic nature of this product and the expected timing of delivery of funerals in Spain, this plan cannot be upgraded at time of need. It is extremely unlikely that your family will be able to change their minds once the plan is put into action.

If you choose to upgrade from the Direct to Cremation Plan (Spain), you may have to make an additional payment or change the value of your monthly instalment payments to fulfil any difference in the total plan cost of the new plan. We will advise you of this cost should you decide to upgrade your plan. You can either pay for the upgrade by direct bank transfer, or by debit or credit card. Or you can amend your instalments to take account of the change.

If you want to pay over a longer period than 18 months, you will need to change to instalments over the term of your plan. See the 'How Do I Pay?' section in the Avalon Funeral Plan Generic Terms & Conditions for Spain, Portugal, and Cyprus Plans.

8.2 Changing the payment term

If you have not already fully paid, you can increase or reduce your payment term at any time in accordance with the Avalon Funeral Plan Generic Terms & Conditions for Spain, Portugal, and Cyprus Plans. If you increase your term any additional instalment charges will be calculated at that time and you will be given a new instalment charge breakdown.

8.3 Additional Items

You cannot add items to the Direct to Cremation Plan (Spain).

8.4 Downgrade your plan

There is not a downgrade option within the Avalon range for this plan.

8.5 Changing your details

You can change your personal details with us at any time free of charge. It's important that you notify us when you move so we can allocate a new Avalon Appointed Funeral Director to your plan or discuss your options if you move to an area that we do not cover.
